The present law that provides that an American woman marrying a foreigner thereby assumes the citizenship of her husband is considered by Miss Jeanette Rankin, Republican Representative from Montana, to be a decided injustice to the women of the country. If a man marries a foreign woman of course he does not necessarily renounce his citizenship, and in order to secure equal rights for her sex Miss Rankin has introduced a bill declaring that an American woman shall retain her citizenship upon marrying a foreigner unless she shall in writing renounce it. Furthermore Miss Rankin's measure might be said to be retroactive as it provides that an American woman now married to a foreigner and residing in the United States may resume her American citizenship by filing a declaration with any naturalization court within her jurisdiction. The bill has been referred to the Committee on Immigration and Naturalization, and Miss Rankin intends to do her utmost to secure a favorable report.—Exchange.

FACTS ABOUT THE LIBERTY LOAN BOND

A Liberty Loan Bond is a solemn promise of the United States to pay at maturity the amount of the bond to the holder thereof, and to pay interest semiannually each year from the date of the issuance of the bond until it is fully and finally paid.

The faith and honor of the United States, backed by all of the resources of the Nation and the American people. A Liberty Loan Bond is a mortgage on all the resources and taxing powers of the Government and all of the resources of the American people.

There are two kinds of Liberty Loan Bonds, Bearer Bonds are to be issued in denominations of \$50, \$100, and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.

Registered bonds are to be issued, which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000; checks for the amount of interest due will be mailed out semiannually to the holders of these registered bonds.

Liberty Loan Bonds of the first issue of \$2,000,000 are to bear date of June 15, 1917, and to run for thirty years, except that the Government reserves the right to pay them fifteen years after date. If this right is not exercised by the Government fifteen years from date, the bonds will run the full thirty years.

These bonds bear interest at 3½ per cent per annum, and the interest is payable semiannually on the fifteenth day of December and the fifteenth day of June in each year.

One especial advantage no other bonds, National, State, municipal, or corporate, have is that if the United States during the continuance of this war shall issue other bonds at a higher rate of interest, the holders of these Liberty bonds have the right to exchange their Liberty bonds for bonds bearing the higher rate of interest, dollar for dollar.

They are non-taxable. If your city, county or State taxes are three mills on the dollar, a not unusual tax, these bonds are equivalent to ordinary corporate bonds or other investments bearing 6½ per cent.

In addition, no Federal tax which war conditions may later make necessary will affect these bonds. The only tax these bonds are subject to is the inheritance tax, which applies to all property of all kinds whatsoever.

"BILL SEZ"

Economical Hysteria is now on some of us and I sez rid ourselves of the pest. Some on us are actery afear'd of ourselves. The Government didn't mean for us to put our money in the Banks and leave it lay there or hide it out in an old shoe, jest asked us not to be wasteful. Sez I better fight all the Figners than to hoard our money in sech times as these and starve a lot of our citizens account on't. Yes, I'll agree everything, is higher, I know it but 'aint we got more money? If the price of terbacker does raise thats no reason for me to quit, I'll jes bum a chew occasional and equalize and that's what I call economy without wastefulness. My Motto: Be frugal but not selfish.

IS GLAD TO SPEAK WORD FOR FRIEND

Frank Cheun Declares He's Pleased to Indorse Tanlac for All.

St. Joseph, Mo., May 19—"I'm glad to speak a word of praise for Tanlac as it certainly has proved a real friend to me," Frank Cheun, of 802 Garden street, this city, machinist, said on February 3.

"For twelve years I have suffered from stomach trouble," he continued. "My stomach was in a soured condition all the time. Gas formed in my stomach after eating and caused bloating and belching. I also was very nervous and couldn't sleep at night. I got up every morning with a dull headache and felt tired and worn out."

"I had tried medicine after medicine without any of them doing me the least good but Tanlac has done the work. My appetite has improved and I can eat without the gas forming in my stomach and the bloating and belching. I rest perfectly at night, now. I get up feeling fine and am never tired or worn out and the headaches have disappeared."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver, and kidney trouble, loss of appetite, catarrhal complaints, and after effects of la grippe, pneumonia, severe colds and coughs and the like.

Tanlac is being introduced and explained in Monett at A. H. Cox & Co's Drug Store.—Adv.d&w.
